Licensed Health Care Provider Signature Date

►

Printed Name

I certify that the information provided on this form is correct and verifiable.

Health Care Provider or School Official Name: _____ Signature: _____ Date:_____
If verified by school or child care staff the medical immunization records must be attached to this document.

Instructions for completing the Certificate of Immunization Status (CIS): Print the from the Immunization Information System (IIS) or fill it in by hand.

To print with the immunization information filled in:
Ask if your health care provider's office enters immunizations into the WA Immunization Information System (Washington's statewide registry). If they do, ask them to print the CIS from the IIS and your child's immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at https://wa.myir.net. If your provider doesn't use the IIS, email or call the Department of Health to get a copy of your child's CIS: waiisrecords@doh.wa.gov or 1-866-397-0337.

To fill out the form by hand:
1. Print your child's name and birthdate, and sign your name where indicated on page one.
2. Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guides below to record each vaccine correctly. For example, record Pediatix under Diphtheria, Tetanus, Pertussis as DTaP, Hepatitis B as Hep B, and Polio as IPV.
3. If your child had chickenpox (varicella) disease and not the vaccine, a health care provider must verify chickenpox disease to meet school requirements.
   - □ If your health care provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
   - □ If school staff access the IIS and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.
4. If your child can show positive immunity by blood test (titer), have your health care provider check the boxes for the appropriate disease in the Documentation of Disease Immunity section, and sign and date the form. You must provide lab reports with this CIS.
5. Provide proof of medically verified records, following the guidelines below.

Acceptable Medical Records
All vaccination records must be medically verified. Examples include:

- A Certificate of Immunization Status (CIS) form printed with the vaccination dates from the Washington State Immunization Information System (IIS), MyIR, or another state's IIS.
- A completed hardcopy CIS with a health care provider validation signature.
- A completed hardcopy CIS with attached vaccination records printed from a health care provider's electronic health record with a health care provider signature or stamp. The school administrator, nurse, or designee must verify the dates on the CIS have been accurately transcribed and provide a signature on the form.

Conditional Status
Children can enter and stay in school or child care in conditional status if they are catching up on required vaccines for school or child care entry. (Vaccine series doses are spread out among minimum intervals, so some children may have to wait a period of time before finishing their vaccinations. This means they may enter school while waiting for their next required vaccine dose). To enter school or child care in conditional status, a child must have all the vaccine doses they are eligible to receive before starting school or child care.

Students in conditional status may remain in school while waiting for the minimum valid date of the next vaccine dose plus another 30 days time to turn in documentation of vaccination. If a student is catching up on multiple vaccines, conditional status continues in a similar manner until all of the required vaccines are complete.

If the 30-day conditional period expires and documentation has not been given to the school or child care, then the student must be excluded from further attendance, per RCW 28A.210.120. Valid documentation includes evidence of immunity to the disease in question, medical records showing vaccination, or a completed certificate of exemption (COE) form.

Child Care Medication Authorization Form

An early learning provider must not give medication to any child without written and signed consent from that child's parent or guardian, must administer medication pursuant to directions on the medication label, and must use appropriate cleaned and sanitized medication measuring devices.

Child's full name (first and last):		Child's Birthdate:
Name of Medication (as it appears on medication container):		
Dosage:	Start Date:	End Date:
To be given at the following times:		
Reason for Giving Medication to Child/Medical Need:		
Possible Side Effects of Medication:		
Additional Information:		

Prescription medication must only be given to the child named on the prescription. Prescription medication must be labeled with: child's first and last name, the date the prescription was filled, the name and contact information of the prescribing health professional, the expiration date, dosage amount, length of time to give the medication, and instructions for administration and storage.

Nonprescription (over-the-counter) medication must be brought to the early learning program by the child's parent or guardian in the original packaging with expiration date and labeled with the child's first and last name. It must only be given to the child named on the label provided by the parent or guardian. Instructions on the label must be followed, unless the parent or guardian provides a medical professional's note.

If the packaging label does not include expiration date, dosage amount, age, and length of time to give the medication, then written authorization from a health care provider with prescriptive authority is required, as well as the written and signed consent from the child's parent or guardian. This includes: vitamins, herbal supplements, fluoride supplements, homeopathic or naturopathic medication, and teething gels or tablets (amber bead necklaces are prohibited).

I hereby give permission for the staff of _____ to give my child the medication as prescribed above.
(name of early learning provider/program)

_____ _____
Parent/Guardian Signature *Date*

This section to be completed by child's parent or guardian, if applicable:
I, or my appointed designee, have provided training about specialized medication administration procedures for my child specific to this medication to the following staff member(s):_____
